Ontario Regulation 392/23 Adequate and Effective Policing (General)

Policy Statement

The Woodstock Police Service Board (the "Board") is committed to ensuring the safety and well-being of the community through effective traffic management, traffic law enforcement, and road safety measures. This policy reflects the Board's dedication to minimizing traffic-related risks and ensuring that the Woodstock Police Service (the "Service") has the necessary tools and procedures to manage traffic-related occurrences efficiently.

Policy Application

1. It is the policy of the Board with respect to traffic management, traffic law enforcement and road safety that:
 - a. technical collision investigation, reconstruction and breath analysis investigative supports will be provided by trained and qualified personnel;

and

b. the Chief of Police shall:

- i. develop and implement a traffic management, traffic law enforcement and road safety plan;
- ii. establish procedures on traffic management, traffic law enforcement and road safety including procedures to address road closures and minimizing the interference of traffic; and
- iii. ensure that persons who provide technical collision investigation, reconstruction and breath analysis investigative supports have the knowledge, skills and abilities to provide that support.
